LOCAL NEWS.

School books, at the News Depot. Attend the party at the Rink next Monday night.

Our genial friend Chas. H. Starr, of Mesa, is in town.

For pure medicinal wines and liquors go to the News Depot.

Mr. and Mrs. M. Walsh returned home yesterday from a visit to Tempe.

Mrs. W. W. Brookner and children left Globe on Tuesday last for a visit to Canada.

The Mohave County Miner notes the return to Kingman of Mrs. J. C. Ogden from an extended visit to California.

For custom made clothing made to order, and warranted to fit, go to G. S. VAN WAGENEN'S.

The Republican convention convened in the Court House at 10 o'clock this morning, to nominate a county ticket.

We acknowledge with many thanks a generous present of five peaches from Mr. W. M. Griffith, of Dripping Springs.

Dr. T. S. Collins has received a challenge from Blaine to play a correspondence match at chess and will probably accept.

Mrs. M. W. Bremen returned on Tuesday from Tucson where she left her daughter Ida to pursue her studies in St. Joseph's Academy.

W. M. Griffith, A. Pascoe and Chas. A. Fisk were appointed to represent Gila county on the Territorial Republican Central Committee.

Harrison Jewell returned on Wednesday from Southern California, where he spent several months, and derived much benefit to his health.

Joe Rydman returned from his ranch in the Sierra Anchos on Monday. The drought has not affected the range there to the same extent as in the valleys and cattle are in fair condition.

Tickets have been placed on sale for a dance, to be given next Monday night at the Rink, for the benefit of the Globe Base Ball Club. It will be the first large dance of the season, and promises to be an enjoyable affair.

Geo. T. Peter, of Tonto, was among the visitors to Globe this week. The republicans, generally, regret Mr. Peter's refusal to run for office this year, as he is regarded as next to invincible. He served the county creditably in the 17th and 18th legislatures.

Jose Torres' house, situated in the arroyo leading to the cemetery, caught fire from a lamp, on Thursday evening, and was consumed, together with the contents. Much sympathy is expressed for Jose as nearly everything he possessed was lost.

W. M. Griffith, the well known stockman of Dripping Springs, was in Globe yesterday, having just returned from Los Angeles. Mr. Griffith's business takes him to many parts of the country, and wherever he goes he is assured a warm welcome from a host of friends.

N. A. Gilman, a well-known stockman of Wilcox, with W. M. C. LaBron as guide, left for the Algodones Tuesday to look over the great pasture lands of Yuma's back country. Mr. G. proposes to move 2,000 head of cattle into that section.—Yuma Sentinel.

The Gazette, of Sept. 13th, says: Judge Baxter yesterday dismissed the application of Ed. Tewksbury for a writ of habeas corpus, upon motion of his attorneys, Baker & Campbell. This settles the matter of bail and he will now have to remain in jail until the meeting of the grand jury.

The largest and most complete stock of toys, notions, stationery, fancy articles, novels, papers, periodicals, school books, blank books, fine smoking and chewing tobacco, pipes and smokers' articles, cutlery, clocks, musical instruments, Colgate soap, etc., etc., at Taylor's News Depot.

Liquors of all kinds at G. S. Van Wageningen's.

G. Helme, representing the firm of J. Liberman & Co., who spent several days here this week, returned to Wilcox this morning. His visit to the Old Dominion Copper Co.'s works and mine was especially interesting to him, and the impression gained of Globe and her mineral resources very favorable.

PEOPLES PARTY.

A Convention of the People's Party will be held at the Court House, in Globe, Gila county, on Saturday, Oct. 1st, 1902, at 10 o'clock a. m., for the purpose of adopting a platform and nominating county officers to be voted for at the next ensuing election in Gila county. The number of delegates from each precinct will be as follows:

Globe Precinct, 16,
Rye, 8,
Payson, 4,
Grapevine, 3,
Reno, 2,
San Carlos, 1,
Rim Rock, 1,
Pine Creek, 1,
Pleasant Valley, 2,
Stanton, 2,
Bremen's saw mill, 1,
McMillen, 1.

The primary meeting for Globe Precinct will be held at the Court House on Wednesday evening Sept. 21st, 1892, from 6 to 9 o'clock, p. m.

T. SOUTHLICK,

Chairman Cen. Com.

GEORGE BIRD,

Chairman Cen. Com.

PLAY BALL!

The San Carlos and Globe base ball teams will again try conclusions on the Globe grounds to-morrow afternoon at two o'clock. It will be the third game between these clubs this season and the Globe boys hope to redeem themselves for the two previous defeats. Following are the nines selected to play:

The Republican Territorial Convention, which met in Prescott, last week, nominated W. G. Stewart of Flagstaff, for delegate to Congress, and George Cliff, of Graham county, for councilman at large. The selections are generally well received by the Republican press.

Mr. Stewart is a legal luminary, a brilliant speaker, and popular throughout northern Arizona. Mr. Cliff is a prominent Mormon of Graham county and a man of considerable force. The action of the convention in putting a Mormon on the ticket is in striking contrast to the intolerant stand taken against the Mormons two years ago, and which greatly handicapped their candidates.

Harry Tebble was in town on Tuesday from his place claims a few miles south of Globe. He and his partner J. D. Henderson have just received a new Freeman dry washer, of ten tons capacity, and which they expected to start on Thursday. They have a large area of pay ground thoroughly tested, and expect to make a nice thing out of it. With a small prospecting dry washer they have demonstrated to their own satisfaction that it is a paying proposition. They are also prospecting a promising quartz lead.

George H. Kelly, editor and proprietor of the Graham County Bulletin, spent last Sunday in Globe, and succeeded in getting new business and subscribers to his paper, which already is widely read here. Mr. Kelly has shown marked ability in the conduct of his paper, which is a faithful chronicler of events in Graham county, and has done excellent service in advertising the rich agricultural and mineral resources of that county.

S. Gilson was in town on Thursday. He is one of the few stockmen in Gila county who wear smiling countenances. His cattle are in fine fix, and in charge of a herder, about eighteen miles northwest of the San Carlos river where grass is abundant. Gilson's station, on the reservation, twelve miles from Globe is of great benefit to the Indians, and also to the military, and as a quid pro quo he is given the privilege by the department of running his stock on Indian lands.

Yesterday was a gala-day throughout Mexico, where secular engagements were given over for the commemoration of the seventy-ninth anniversary of the declaration of the independence of that republic. Here, as elsewhere, where Mexican colonies exist the day was properly and enthusiastically observed by the native population and descendants, now residents of Arizona.

O. M. Anderson returned on Thursday from a three month's trip to his native land, Norway. Mrs. Anderson was detained in New York and is expected here shortly. The Teutonic steamer on which they were passengers, reached New York a day ahead of the Normannia, and having a clean bill of health, was passed by the quarantine officers, without hindrance.

Patrick Shanley has succeeded to the corral business of Eugene Middleton. He will conduct it as a feed stable, and will also keep good saddle horses to hire. Mr. Shanley will exert himself to please those who favor him with their patronage.

It is also Mr. Shanley's intention to open a butcher shop within a few weeks.

To arrive soon—5,000 very fine Key West eggs, direct from the factory at Key West, Florida, for C. E. Taylor, Pioneer News Depot.

Location notices, free, at the Recorder's office.

The only place in Globe where you can get the Cyrus Noble whisky is at Taylor's.

Flower pots and hanging baskets for sale at reasonable prices. Post Office Store.

The deplorable news was received here this week of the death of Mrs. N. Chilson of Payson, on September 10th, from an overdose of morphine administered by a physician.

C. E. Taylor will keep a full and complete stock of authorized school books, which will be sold at the Territorial price, for cash—no deviation—don't ask for it.

Harrison Jewell brought news of the death of H. M. Carey, at San Diego, two weeks ago. The deceased was for many years a resident of Globe, and is kindly remembered by old citizens.

Work was resumed in the Old Dominion Co's mine yesterday, and smelting will begin again on Monday. Coke is arriving freely at Wilcox and will be forwarded promptly by Messrs. J. Liberman & Co.

Mrs. A. Graydon came home from Tucson on Wednesday, where she went to meet her daughter Loreta, on her return from Canada. Miss Loreta remained in Tucson, a pupil at St. Joseph's academy.

Dr. Alex. Trippel left for Flagstaff on Wednesday, to represent the Gila county Democracy in the Territorial convention, which convenes on the 21st inst. Dr. Trippel is a candidate for councilman at large.

Persons troubled with chronic diarrhoea should try Chamberlain's Colic, Cholera and Diarrhoea Remedy. Many cases have been cured by it after all else have failed and skilled physicians were powerless. For sale by H. C. Hitchcock, druggist.

J. H. McKie, of San Francisco, is here to take the place of A. E. McMahon, prescription clerk, in H. C. Hitchcock's drug store. Mr. McMahon left for California yesterday, and later will proceed to Louisville, Kentucky, to enter upon a three year's course in medicine and surgery.

Chas. Ruckelshausen was in from Quartzsite early in the week. He is taking things easy and not pushing his work on his mine, owing to the low price of silver. He has a good mine, with fine ore in sight and considerable out and smelted, which he will hold until there is an improvement in the silver market.

Bishop Bourgade returned Saturday morning from his extensive trip throughout eastern Arizona and New Mexico. The bishop has been traveling over the hills, valleys and mountains of an extensive scope of country spreading the light of his faith wherever he went and it can be truthfully recorded that he met with great success.—Citizen.

Mr. and Mrs. A. L. Walker entertained a large company last night at their residence in the north end. The grounds were beautifully illuminated and a large platform, adjoining the house, accommodated the dancers. Various games were indulged in, and excellent refreshments served. Mr. and Mrs. Walker were constant in their attention to guests and succeeded in making the occasion one of the most enjoyable social events ever given in Globe.

A remarkably rich find of silver float was made at Richmond Basin, a few days since by J. C. Gilson and Lanzbury on one of Leroy Ikenberry's claims. The discovery was made by the men while chopping wood, and at last accounts about 100 pounds in nuggets had been found, several of which weigh five or six pounds. They will find a few inches below the surface, and Messrs. Ikenberry, Gilson and Lanzbury are now eagerly searching for the ledge from which the nuggets came. One specimen, on exhibition at Julius Sultan's store, weighs about six pounds, and is a mass of almost pure native silver showing beautiful fern designs on its surface. Three nuggets at S. Klein & Co's are equally rich in silver, although somewhat smaller. Their estimated value in silver is seven to eight dollars a pound. They are by far the handsomest silver specimens we have ever seen. Considerable rich float has been found in the Basin from time to time, and the mines there have produced a large amount of silver, notably the Mack Morris mine the output of which was nearly \$700,000. But the belief prevails that the mother lode has not yet been discovered, and that untold wealth remains to be unearthed in the Basin or the overlying Apache peaks.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that can not be cured by taking Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by their firm.

West & Triax, Wholesale Druggist, Toledo, Ohio.

Walling, Kinnian & Marvin, Wholesale Druggists, Toledo, Ohio.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price, 75c. per bottle. Sold by all Druggists.

LETTER LIST.

Letters remaining in the Postoffice of Globe, A. T., for the week ending Sept. 17th, 1902.

Copper, Mr. Olla, Post Salabery, W. Calderon, Germaine Hidalgo, Blante Trujillo, C. Mado.

Persons calling for the above letters, please say "advertised."

J. H. HAMILL, P. M.

Baled hay and straw for sale—delivered in any part of town.

T. A. PASCOE.

The St. Johns Herald says: The grasshoppers are about to drive swarms of our good citizens to pastures new.

Jas. T. Munda accidentally shot and killed himself, 20 miles south of Flagstaff, on the 5th inst. Mr. Munda was a prominent cattle man of Coconino county.

Six prisoners escaped from the Coconino county jail on the 6th inst. They bound and gagged the jailer, looked him up in a cell and decamped. Four inmates of the jail made no attempt to escape.

It is reported that the Florence canal company has doubled the price of its shares for \$8 to \$16 and from \$12.50 to \$25 per share. This raise it is said will cause several to put up steam pumps and others to vacate their claims.

There is quite a little war going on in and about the Tribune office. It appears the minority of the stockholders don't like the bold and courageous management of Eugene Brown, the manager and editor, and they have not got enough shares to oust him. Main force was tried last week but Brown got away with the business, although his antagonist left him some editorial pie, as a reminder. The majority of the Florence folks stand for Brown, as he is one of the most exemplary young men of the county.—Star.

The Hoffman House, Boquet cigar can be found only at Taylor's News Depot.

Gen'l W. W. O'Neill, president of the World's Fair board, suggests as a novel exhibit for the World's Fair a relief map of south-central Arizona, 10-12 feet in size, embracing the valleys of the Salt and Gila, showing the area of land cultivated by the aboriginal inhabitants, methods employed, system of irrigating canals, etc. The lands under cultivation at present, are only a fraction of the area titled by the Aztecs. The only difficulty presented by this proposition is the excessive cost of the proposed map, estimated at \$15,000.

A White's Sewing Machine, brand new, for sale very cheap, for cash, at Taylor's News Depot.

NOTICE.—We have appointed Mr. Alex. G. Penitton, of Globe, our salesman and collector for Gila county. He will carry a stock of our sewing machines on hand, also parts and repairs for the same. Machines sold on installments of \$5 per month, with a reduction for cash or short time. Old machines received in exchange. All persons indebted to us will please pay to him.

THE FINGER MAN F&G CO. by THOMAS, G. FITCH, Manager. Globe, A. T. Aug. 5, 1902.

Subscriptions taken for all papers and periodicals, at the News Depot. C. E. TAYLOR, Agent.

A little boy of Mrs. McDonald's, living near here, fell against a red hot stove and was fearfully burned. The pain was terrible, and it was thought the burn this so severe as to scar the child for life. I sold the lady a bottle of Chamberlain's Pain Balm, which, after greasing the sore, she applied. It soon removed all the fire and eased the pain, and in ten days the boy was well, no trace of the burn remaining.—J. D. McLaren, Keyport, Clifton county, Ill. For sale by H. C. Hitchcock, druggist.

The Boston and Montana Company is erecting an extensive plant for refining copper by electricity at Great Falls, Montana. The process is similar to that of electroplating, which has long been employed in treating plates for printers' uses, but the solutions are different. The copper is put into cells with proper solutions, which forms the anode of a circuit, and the refined copper is deposited on a sheet of copper in another cell, which is the cathode of the circuit. First the matter has to be refined in the converter, so that all the iron, antimony, and every trace of arsenic is removed from it, which it is cast into bars of the proper shape and size for the cells into which it is placed. When the circuit is established, a steady current is maintained by means of a dynamo, and every three days the bar is lifted and the slimes which have accumulated upon it are removed and it is again placed in the cell. This is repeated until the copper is all dissolved, which takes about 35 days. The deposited copper is as pure as it is possible to make it, being within a very small fraction of 1000 fine. The estimated cost of treating a ton of copper by this process is \$5 in Rhode Island. At Great Falls the cost will be less, for there the molten matte will be received into converters, and the cost of remelting the matte will be saved. The increased value of the refined copper will pay for the cost of refining, and the gold and silver extracted will be almost or quite clear profit.
